Positions:

- Software Trainee (Node.js)
- Software Trainee (React.js)
- Software Trainee (Python)

Job Summary:

As a Trainee Software Developer, you should be well-versed in programming languages, development frameworks, and third-party libraries. You'll be part of a cross-functional team responsible for the full software development life cycle, from conception to deployment.

We are hiring students passionate about programming, algorithms, and problem-solving. The interview process will include a test in our office, followed by a technical interview (virtual/face-to-face) and an HR round.

Office Location: Noida, Sector 132, ATS Bouquet, C Tower

Responsibilities:

- Understanding of coding languages for frontend or backend development.
- Basic to medium knowledge in developing custom plugins and components.
- Clean and structured coding with a strong focus on documentation.
- Work with development teams to ideate and implement software solutions.
- Create security and data protection settings, write effective APIs, and ensure functionality of servers and databases.

Required Skills:

For React.js: HTML, CSS, JavaScript, React.js, API Integration, Version Control (Git).

For Python: Python, OOP, Algorithms, Django/Flask basics, SQL, HTML/CSS.

For Node.js: Express.js, RESTful APIs, Asynchronous Programming, NPM, JSON, Security.

Eligibility:

- **Qualification:** B.Tech in CS/IT, B.E./B.Sc/MCA or relevant post-graduation.
- **Academic Criteria:** 70% throughout 10th, 12th, and graduation.

Training Period: 6 months

Stipend: INR 15,000/month during training

Package: INR 4.0-6.0 LPA post-training (based on performance)

Number of Positions:

- Python: 10
- React.js: 10
- Node.js: 10

Joining Date: Mid of November 2024

Interview Mode: Virtual and Face-to-Face

Service Agreement: 2 years, including 6 months probation.

Terms:

- Monthly performance evaluations.
- A minimum of 70% in academics is mandatory.
